To Whom It May Concern:

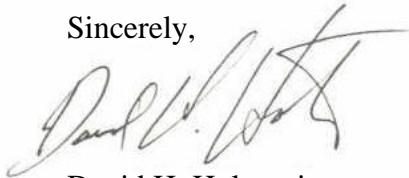

Recently Burchell High School was privileged to have the Rhythms of Life Tour present to our students.

The presentation was excellent and well received by our student body. The message is one students in the valley need to hear. Our at risk population of students is growing in the valley. The students are at risk for academic failure, drugs & alcohol abuse, and suicide.

Rhythms of Life captures the attention of students and delivers a message of self-worth and hope in a way that young people appreciate. The cast of the program was professional, positive, and full of hope.

Thank you so much for what you do.

Sincerely,

David H. Holmquist  
Principal - Burchell High School  
Valley Pathways
