February 2002

Re.: Testimonial for "Rhythms of Life"

To Whom It May Concern:

It is with great pleasure and without hesitation that I write this letter of recommendation / testimonial for the "Rhythms of Life" presentation by Bill Pagaran and Carry the Cure, Inc. I am the Principal of a medium-sized high school (enrollment approximately 950 students) in a semi-rural area of South-Central Alaska.

After speaking with Mr. Pagaran in the Fall of 2001 I set up a date in early 2002 for his organization to present to our entire student body and staff. The assembly was held on Wednesday, 9. January 2002. In addition to the 900+ Palmer High School students and 75 staff present/ we had a group from Matanuska Christian School attend as well as a sizable contingent of adults from the greater Palmer community.

The assembly was geared toward the youth, appropriate for the audience, and well received by all. Mr. Pagaran and his group delivered a message of hope, of friendship, and of a positive vision of life. There was involvement of our students and a multimedia format that kept everyone's attention. I believe that the "Rhythm of Life" assembly would be of benefit in any Junior or Senior High School, nationwide.

I recommend Bill Pagaran and Carry the Cure Inc. highly and without reservation/ as I am sure that they will bring an excellent program to any public or private school. If you have any other questions feel free to contact me at the phone numbers listed above or e-mail me at <wwinter@msb.mat-su.k12.ak.us>.

Sincerely yours

Wolfgang Winter/ Principal
